MGTD Pirii runs a range of programs that are both accredited and non-accredited. Accredited programs have been endorsed by State and/or Commonwealth Government.
Accredited Programs:

Accredited programs are usually competency based which means that training and assessment or recognition of current skills and knowledge focuses on the development and recognition of a person’s ability to apply relevant knowledge and skills to perform workplace tasks to a specified standard.

The specific skills and knowledge required for a particular workplace application are set out in Units of Competency and these can be grouped together to make up a nationally recognised qualification. Nationally recognised qualifications are set out in Training Packages and these can be viewed at www.ntis.gov.au

Each qualification has a list of employability skills which describe the non-technical skills and competencies that are important for effective and successful participation in the workforce. For each qualification there is specific employability skills listed under the following headings:

- Communication
- Teamwork
- Problem solving
- Initiative and enterprise
- Planning and organizing
- Self-management
- Learning
- Technology

These employability skills will be part of the assessment requirements of a nationally accredited course. A summary of the employability skills to be developed through a qualification can be downloaded from http://www.training.gov.au

It is important to note that the rules and requirements of a Unit of Competency and a qualification are applied to any client regardless of where they are, or the mode of training delivery provided. You could be a full time client in a classroom or the workplace or you could be applying for recognition of the skills and knowledge currently held.

Each Unit of Competency is made up of the following:

- Elements
- Performance criteria
- Required knowledge and skills
- A range of variables
- Critical aspects of evidence
- Any pre or co requisites (if applicable)

To be deemed Competent in any Unit of Competency you must be able to provide evidence of the required skills and knowledge to complete work tasks in a range of situations and environments, including simulated applications in the classroom over a period of time.
Evidence is the material proof that you have performed the specified competency or task to the required standard over a period of time. Your evidence requirements will be determined by the Unit of Competency, employability skill requirements, industry expectations, Government regulations, and your qualifications and current experience. Evidence can take many forms and you will be required to present more than just one piece of evidence.

*Examples of evidence could include one or more of the following:*

- Specific assessments tasks set by your Assessor
- Observation reports
- Certificates and awards
- Examples of work completed or special projects
- Current licenses
- Position descriptions and performance reviews
- Third party reports
- Question responses
- Tests

*Your evidence must also demonstrate the following:*

- That you can do the job or task to the required standard
- Understand why the job should be done in a particular way
- Handle unexpected issues or problems
- Work with others ‘in a team’
- Do more than one thing at a time, e.g. perform the task and be aware of the occupational health and safety requirements
- Know the workplace rules and procedures

*Assessment Process:*

The assessment process will be explained by your trainer/assessor and will be available upon request should you need to see the actual process.

- Assessments will cover the range of skills and knowledge required to demonstrate competency
- Assessments are made against performance criteria and/or learning outcomes

*Applying For Extension:*

All extensions must be applied for. It is expected that all assessment tasks are handed in on the due date. If there are difficult circumstances, please contact your trainer/assessor to complete a *Request for Extension form.*

*Enrolling in a Training Program:*

MGTD Pirii shall ensure that any applicants who do not meet entry requirements are advised of any appropriate pre entry training they may take to meet eligibility criteria.

Recognition of Prior Learning (RPL):

You have the opportunity to apply for recognition of prior learning (RPL). This means that you can submit evidence for a Unit(s) of Competency and have it assessed by a qualified Assessor without completing the training.

MGTD Pirii believes that no learner should be required to undertake a competency or element of a competency in a qualification for which they are already able to demonstrate satisfactory achievement of the performance outcomes stated in the endorsed training package or nationally recognised course.
MGTD Pirii aims to maximise the recognition of a learner’s prior skills and knowledge whilst at all times maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study.

If you think you have the necessary knowledge and skills to match a Unit(s) of Competency or a qualification at the required standard you need to contact our CEO/Director on 08 9249 5721 or at admin@mgtdpirii.edu.au who will provide the information you need to complete an RPL.

Any documents that you provide to support your claim of competency must be the originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if the work of others, formally acknowledged.

Regardless of the type of evidence that you submit, Assessors must be confident that the evidence meets the following criteria:

- Meets the requirements of the Unit of Competency(s)
- Meets any Regulatory requirements
- Is your own evidence and can be authenticated
- That you can perform the competency consistently and reliably
- Is at the standard expected in industry and set out in the Australian Qualification Framework (AQF)
- Is sufficient to make a judgment about the above

MGTD Pirii is committed to ensuring that all judgments made by Assessors against the same competency standards are consistent. Your Assessor will examine the evidence that you present and then make a judgment on that evidence which will be either:

- “C” which means that you have been deemed Competent against that Unit of Competency(s)
- “NYC” which means you are Not Yet Competent and may require further training.

Your assessor will advise you what you can do if you receive a NYC for your assessment task. If you are deemed not competent in your initial assessment, you are allowed a second attempt. However, if you are deemed not competent in the second attempt, you will be required to re-enrol. Please talk to your assessor if you have any concerns.
